

**Directions to Blackfriars Rd/A201****2.3 mi – about 18 mins**

Victoria Feeder Ride

The group will meet outside the exit nearest Platform 1 of Victoria Station on Bridge Place. Please meet before 4:30 so that we can leave at 4:30, though we will probably wait a few minutes before leaving.

We will then walk to Wilton Road and depart from there in order to avoid Victoria One-Way system.

Lambeth Bridge is worst part of the route, particularly the first roundabout on the west side of the river. The roundabout on the east side is traffic light controlled but a large group may be split up by the lights.

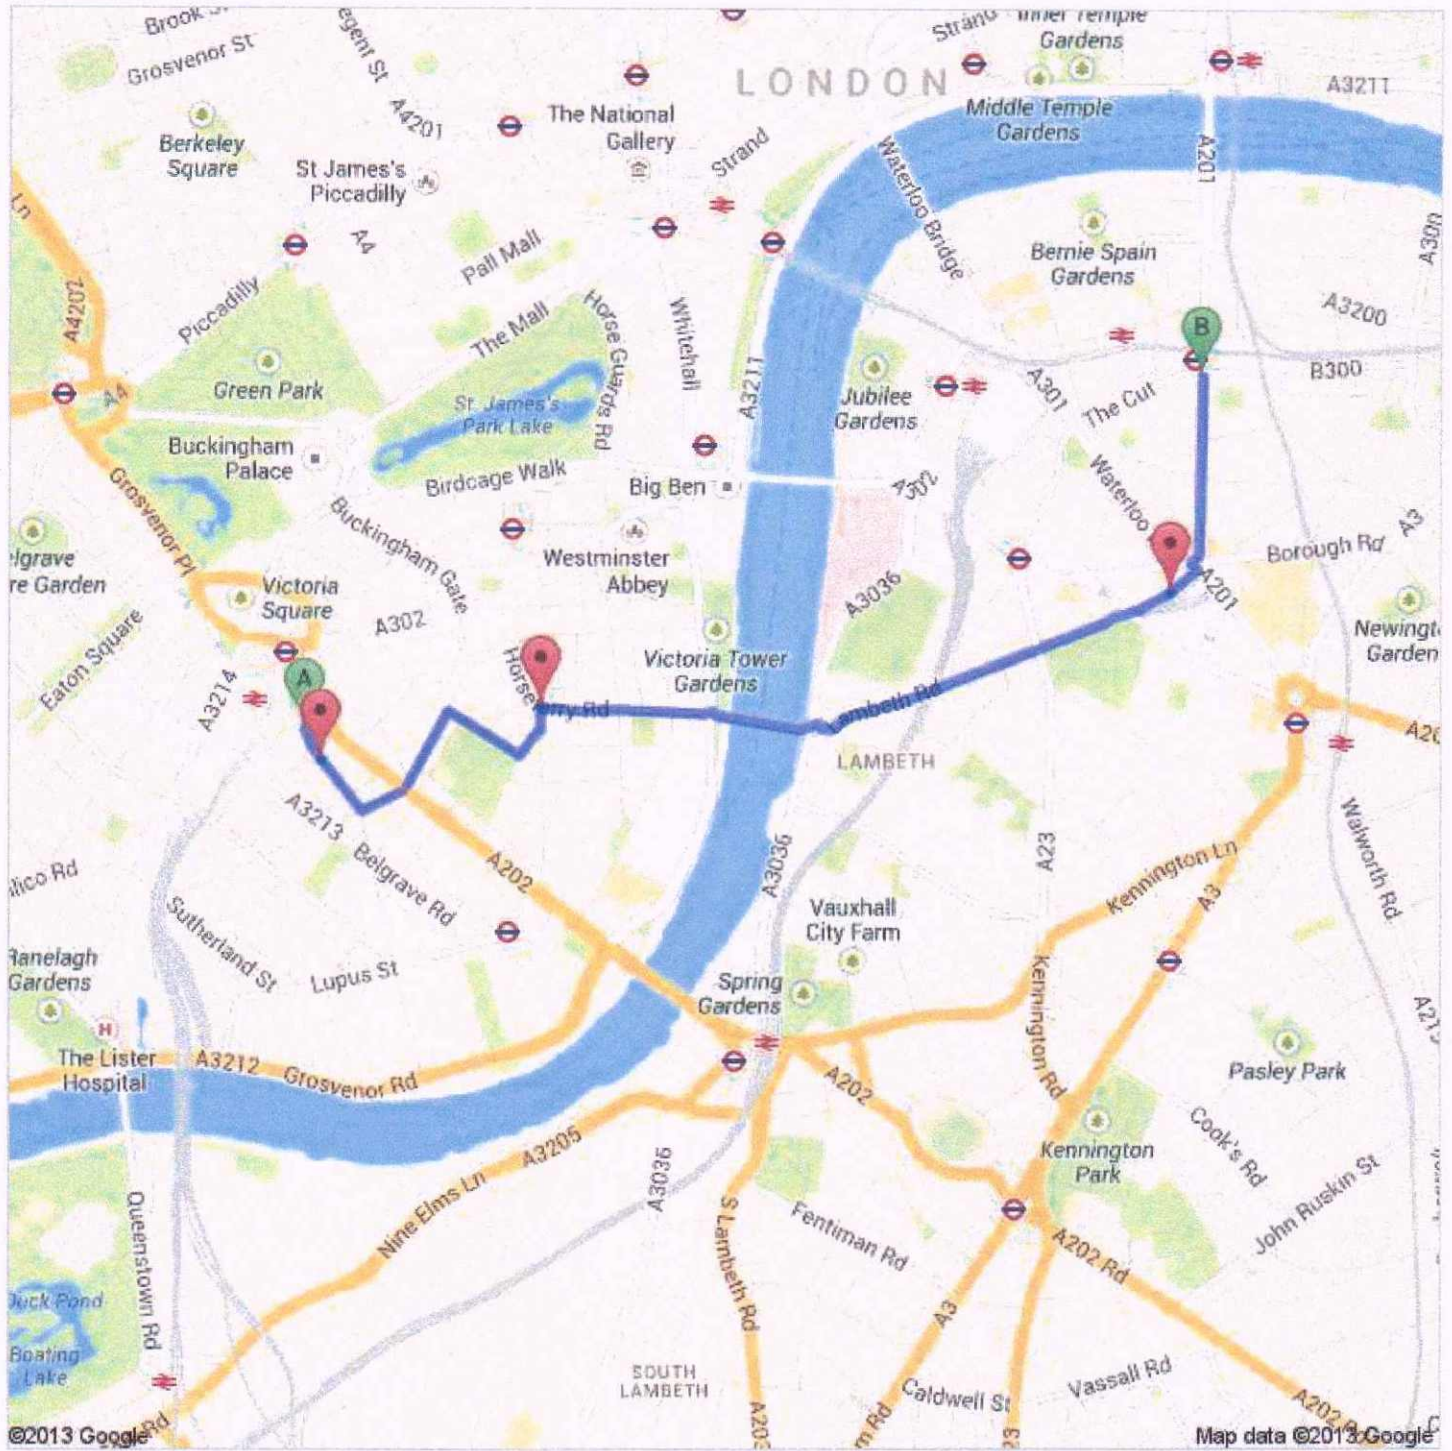

If in a large group, two blocks may be required on the west roundabout to enable the group to proceed as one. If we are a small group this won't be required.

On the east roundabout a large group will split into smaller groups, 2 or 3 depending on size to proceed as one across the roundabout. These smaller groups will then regroup once the roundabout has been cleared. In a small group this will not be necessary.

The other problem junction may be continuing straight ahead staying on Lambeth Road when it crosses St. Georges Road. A small group shouldn't face much problems but a large group will need to ensure a right turn signal be shown at the back to ensure nobody overtakes when the group needs to move over.

At the end of Lambeth road is a narrow contraflow. Blocks may be required to enable a large to pass through this as one as we will be in single file

The rest of the route should pose no difficulty whether in a large or a small group. We will try to stick to the rules of the road but ultimately the safety of the group will come first. If you have any improvements to this route or any other notes to add then please let me know on Twitter via @maidstoneonbike

A Wilton Rd

1. Head **south** on **Wilton Rd** toward **Gillingham St**
 Walk your bicycle
 About 1 min
